

The following PRODUCT TESTS are available from Environmental Wall Systems:

- **ASTM E 72-98**
“Standard Methods of Conducting Strength Tests of Panels for Building Construction”
- **ASTM E-84-06** **“Surface Burning Characteristics of Building Materials”**
- **ASTM E-90-04 and E-413-04**
“Measurement of Airborne Sound Transmission Loss of Building Partitions and Elements”
 - **IrisWall**
 - **IrisWall Lite**
- **CERTIFIED RECYCLED CONTENT**
- **PANEL STORAGE**
- **POWDER COATING**
- **UBC 97** **“Seismic Strength Requirements”**
